OVERVIEW

PAWS AND CLAWS HOLISTIC ANIMAL CLINIC,

located in peaceful Tacoma, Washington, serves all types of furry friends, from cats and dogs to exotic pets. They understand that pets are valued family members.

Their mission is to provide holistic veterinary care to all pets. They offer alternative and natural medical care that does no harm to pets, specializing in natural care and services such as pet massage and acupuncture. They strive to provide these services in a professional manner, leaving the mysticism to the mystics.

Their main demographic is upper-middle class pet owners who seek natural remedies and care for their pets, and would go the extra mile for their furry family members.

RATIONALE

THE CLIENT desired to have a logo that reflects the holistic, naturalistic methods of their business, while still projecting the professionalism of their practice. The target audience of upper-middle class clients called for a clean, crisp approach.

THE CROSS is a well-known symbol of all medical fields. When placed in the center of the circle, it suggests the medicine wheel of Native American culture. Placing the different animal feet in the spaces made by the cross further accentuates this reference, while also alluding to the variety of pets treated by the client. The finger moon arc, containing the client name, also represents cradling arms, a symbol of the compassionate care given to all pets treated by the client.

THE TYPE choices, two analogous fonts, are easily readable at small and large sizes, and were chosen for their professional, concise appearance.

THE COLOR choices represent health, comfort, confidence, and wisdom. They are bright, yet mellow, and pleasing to the eye while still being easily noticeable. The logo, along with the congruent stationery package, puts forth a solid, memorable representation of the company.
